A wide-angle photograph of Silkeborg Torvet, a cobblestone square in Denmark. In the background, a large, historic brick building with a prominent green copper-clad spire and a clock face stands out. To the left, there are other colorful buildings, including one with a green roof. To the right, a modern white building with large windows and a colorful logo is visible. A large, leafy green tree is in the foreground on the right, partially obscuring the white building. The square is paved with light-colored cobblestones and features several circular planters with low concrete walls and benches. The sky is blue with scattered white clouds.
