- Living History -

Over 150 dwellings and other buildings from all over Sweden have been dismantled and reassembled in an area of 300 000 m² here at Skansen.

This is the world's only open-air museum with wild animals. Here you can see Nordic wildlife, rare breeds, pets and exotic creatures. The Children's Zoo features domestic animals as well as small wild animals. The Skansen Aquarium and Our Africa feature exotic animals. The park area surrounding the museum has a variety of parks and gardens.

Welcome!

Skansen, rundt i Frilandsmuseet

A photograph of an elderly woman standing outdoors in a garden. She is wearing a light-colored short-sleeved top with a small floral pattern, blue denim-style overalls with a white floral pattern, and a matching blue headscarf with a red and white pattern. She has short grey hair and wears black-rimmed glasses. She is smiling slightly at the camera. The background features a large green tree, a wooden fence, and a garden bed with dark soil and some plants. The lighting is bright, suggesting a sunny day.
